

# EXPERIENCE OUR SCENIC RIDE

## Genting Skyway

Experience a relaxing ride on the Genting Skyway, the world's most popular family attraction with more than 50 million passengers to date. Being the world's fastest suspended ride and South East Asia's longest canopy experience at a distance of 3.4 kilometers, you now can go on a scenic treetop adventure and take in the breathtaking view of a 100-million years old rainforest. If you're lucky, you may even spot a monkey swinging from tree-to-tree! (Don't forget to bring your camera!)

## Awana Skyway

Genting Highlands Resort's first cable car system started operations in the year 1974 and is still going strong to this day. You can now have the chance to take in a night view of the rainforest. On clear nights, you can even see a brilliantly lit Kuala Lumpur in the horizon!
